Dear Ms. Johnson-Vessels:

The examiner in charge of this case, Francine Young, has contacted us regarding the PCT serial number as not being consistent with the filing documents filed on 28 September 2004.

We wish to bring to your attention that the PCT serial number (**PCT/EP03/02291**) was incorrectly typed on the filing documents including the "Transmittal Letter Concerning a Filing Under 371". The correct PCT serial number is **PCT/JP03/02291**.

This was a typographical error and there was no deceptive intent.

We have attached the executed inventors' declaration submitted on March 28, 2005 to complete filing requirements. The executed declaration identifies the correct PCT serial number as PCT/JP03/02291.
